ABOUT ME

Full-stack developer with a solid experience in the field of education, I bring along a unique blend of versatile abilities and a dynamic perspective with me.

Recently completing an intensive Web Development Bootcamp, I have equipped with frontend technologies such as React, JavaScript, and CSS also immersing myself in backend technologies like Node.js and Express.

While this is a new journey for me, my previous professional experiences and my decade-long professional career in volleyball allowed me to gain proficiency in proactive problem-solving, critical thinking, communication and teamwork making me skilled at navigating complex projects. With a passion for lifelong learning, I'm eager to join an innovative and collaborative tech team where I can both learn and contribute to impactful solutions.
